■ Overview |

As a key link in the air transport industry chain, civil aviation maintenance plays a pivotal role in ensuring flight safety, flight normalcy and passenger satisfaction.

The 3rd Aircraft Value Management International Forum 2025 was successfully held on 27th-28th, February in Qingdao City, Shandong Province. The forum was co-hosted by Chinese Society of Aeronautics and Astronautics, Shanghai Society of Aeronautics, Royal Aeronautical Society China, Shandong Society of Aeronautics and Astronautics, co-organized by Shanghai Member Work Station of CSAA and Ji'nan Member Work Station of CSAA, supported by CLBA, Hong Kong Aircraft Leasing and Aviation Finance Association, Shanghai Financial Leasing Association, Tianjin Financial Leasing Association, Shandong Financial Leasing Association, Guangdong Financial Leasing Association, Commercial Aircraft Corporation of China Ltd., organized by Qingdao Jiaodong Airport Economic Demonstration Zone, Taikoo Shandong Aircraft Engineering Company Limited, Qingdao Jiaodong International Airport, The Development Construction Co.Ltd of China Construction Eighth Engineering Division, Galleon (Shanghai) Yasheng Service co., LTD.

A total of 17 experts and scholars made presentations, 17 speeches were delivered and 1 panel discussion was organised, attracting more than 40 enterprises to participate, with more than 200 representatives from various OEMs, leasing companies, MRO enterprises, value assessment agencies, banks, law firms and other enterprises attending the conference to jointly promote the development of aircraft value management system.

Participants said that through this event, they further understood the current hotspots of aircraft value management industry, met new partners and found new business opportunities. We hope to add to the development of China's aircraft value management by building a platform for technical exchanges, strengthening the interaction between buyers and suppliers, actively solving the problems in the development of the industry through the collision of ideas, and helping the industry to develop steadily.
