中国航空推进技术论坛

12th Annual China Aerospace

Propulsion Technology Forum 2024

09.12th ▶ 09.13th 四川省·成都市 Chengdu City, Sichuan Province

Overview

The new round of industrial revolution is a rare opportunity and challenge given to the industry and enterprises by history, and high performance, high reliability and high economic affordability also put forward high requirements for the development of aviation engines.

On September 12th-13th, 12th Annual China Aerospace Propulsion Technology Forum 2024 was successfully held in Chengdu City, Sichuan Province. The conference was hosted by Chinese Society of Aeronautics and Astronautics, co-hosted by Prediction and Health Management Branch of Chinese Society of Aeronautics and Astronautics, Shanghai Society of Aeronautics, Hunan Provincial Society of Aeronautics and Astronautics, Guizhou Society of Aeronautics, journal supported by Aerospace Power, Advances in Aeronautical Science and Engineering, Gas Turbine Experiment and Research, Journal of Materials Engineering, Journal of Aeronautical Materials, organized by Galleon (Shanghai) Consulting Co., Ltd.

A total of 17 speeches were delivered, attracting the participation of more than 80 enterprises, and more than 200 representatives from aero-engine research institutes under Aero Engine Corporation of China, engine manufacturing plants, foreign engine OEMs, domestic enterprises producing engine impellers, discs, and blades, as well as university research institutes gathered to promote the development of civil aviation flight and operation technology industry.

Participants said that through this event, they further understood the current hot spots of aerospace propulsion industry, met new partners and found new business opportunities. We hope to add to the development of China's aerospace propulsion industry by building a platform for technical exchanges, strengthening the interaction between buyers and suppliers, actively solving the problems in the development of the industry through the collision of ideas, and helping the industry to develop steadily.

Testimonials

The forum is well-prepared and organized, providing a good communication platform for researchers in the field of aviation engines and propulsion systems.

Civil Aviation Flight University of China

The content is rich and aligns with the industry's development trends.

AVIC CHENGDU AIRCRAFT INDUSTRIAL (GROUP) CO., LTD.

The forum's themes and goals are clear and precise, able to attract experts, scholars, and industry professionals in relevant fields to participate. At the same time, the forum's objectives align with the expectations of participants, facilitating better communication and collaboration.

Henan Yukong Aerospace Fasteners Co., Ltd.

数字化转型，承载着强化自身增长动能、引领新一轮科技革命和产业变革浪潮的双重使命，已成为关键战略和必然举措。当前，降本增效，提质保量，是航空推进技术领域的经典课题。

9月12日，2024中国航空推进技术论坛在成都顺利开幕。本届论坛围绕“新技术提供新动能，打造低空经济新增长引擎”主题展开，来自航发集团下属发动机研究所与发动机制造厂、国外发动机主机商、国内生产发动机叶轮等单位的200余位行业权威专家齐聚一堂，共同探讨中国航空发动机产业的发展。
